

DATA SHEET

SMART HAMMER 240MM/ MINI

Devices

Function

Offers great practicality for applications in light activities and within reduced space. Can be used for withdrawing cotter pins, fixating nuts, wedges, removing pins, etc. Due to its size, the vertical handle accessory can be incorporated to facilitate its application and additional weights can also be used for extra power. Various types of heads can be attached, depending on the operation.

Features

- High strength steel;
- Safety pin;
- Rubbered grip;
- Heads made of special steel with heat treatment; -Electrostatic painting finishing (safety yellow); -Anti-spark material (optional).
