

DATA SHEET

TRUCK UNLOADER

Devices

Function

The AGMOV® Truck Unloader Stick was developed to provide safe and ergonomic conditions for professionals who lower the side covers of bulk trucks.

The equipment is made with a single rod and at the end it has a specific tip to be able to mark the doors for correct accommodation, without the need for the assistant or crane operator to be exposed to heights, being able to guide the load on the ground.

*Also use the "Vertical Handle" accessory (Code: 271), for models over 1.5 meters, for even more comfort and ergonomics.

Features

Made of aluminum alloy with a painted finish for aggressive environments

Models

- 0.75 m / Code: 1807
- 1.00 m / Code: 1808
- 1.25m / Code: 1809
- 1.50m / Code: 1810
- 2.00 m / Code: 634

Hs Code

8205.59.00

Product Dimensions

Tube diameter 1"
