

DATA SHEET

KIT 820MM/ BIG SMART HAMMER

Devices

*Packaging included Kit

Function

It is a linear sliding bar designed to transmit a robust and frontal impact. It is the most accurate and safe tool on the market. Designed to meet specific applications. Its function is to avoid finger crushing accidents, replacing traditional hammers and mallets. It can withstand high temperatures and aggressive environments.

Features

- High strength steel;
- Safety pin;
- Rubbered grip;
- Heads made of special steel with heat treatment;
- Electrostatic painting finishing (safety yellow); - Anti-spark material (optional).
